Bhupendra Patel Giving the Introductory Speech of LiEF Mission after that they show short film on Mission life goals that film shows five easiest way to connect with environment. After the short film we are listen the Congratulatory massage on the Launching of Mission LiEF from Heads of State / Government representing all regions of United Nations Argentina, Estonia, Georgia, Guyana, Maldives, Madagascar, France, Mauritius, Nepal and United Kingdom,

After that the Secretary General of United Nations Antonio Guterres address to the gathered peoples, Redemption the mission life document, logo and tagline launched by The PM Narendra Modiji and giving valuable speech on Mission LiEF

In this context, the concept of 'Lifestyle for the Environment (LiFE)' was introduced by Prime Minister Narendra Modi at COP26 in Glasgow on 1st November 2021, calling upon the global community of individuals and institutions to drive LiFE as an international mass movement towards "mindful and deliberate utilisation, instead of mindless and destructive consumption" to protect and preserve the environment. LiFE puts individual and collective duty on everyone to live a life that is in tune with Earth and does not harm it. Those who practice such a lifestyle are recognised as Pro Planet People under LiFE.

Changing our lifestyle, however, is not easy. Our habits are deeply ingrained in our daily lives and are continually reinforced through several elements of our environment. Translating our intention to do good for the environment is not always easy to translate into action. However, it is not impossible. By taking one action at a

time and making one change daily, we can change our lifestyle and inculcate long-term environment-friendly habits. Studies suggest that practising an action for a minimum of 21 days helps make it a habit.

In that context, the LiFE 21-Day Challenge is launched to enable Indians to take one simple environment-friendly action per day for 21 days and eventually develop an environment-friendly lifestyle. It is a challenge to change one small thing in your life daily and become Pro Planet People.

### Report

#### “Yuvati Empowerment: Sense of Responsibility”

Jamkhed College consistently strives for the holistic development of girls. To make girls aware of their rights and responsibilities, the program "Yuvati Empowerment: Sense of Responsibility" was organized on August 29, 2023, in collaboration with the Quality Assurance Cell and Women Empowerment Cell within the college.

Jamkhed Police Inspector Shri Mahesh Patil was invited as the chief guest. Speaking on the occasion, Mr. Patil provided information about how different types of abuse occur against women. He explained that along with physical abuse, the use of specific words, obscene gestures, and certain gazes are all forms of obscenity. He also highlighted that while there are stringent laws for the protection of women and girls, there is a need for them to fearlessly come forward to report complaints.

Mr. Patil emphasized that while becoming empowered, it is equally important to be aware of one's responsibilities. He expressed concern about the excessive use of mobile phones and advised girls to strike a balance between their rights and responsibilities.

The President of the institute, Mr. Uddhavbapu Deshmukh, was present for the program, as well as the Vice President, Shri. Arunkaka Chintamani, the Secretary, Shri. Shashikant Deshmukh, Mr. Saifullah Khan, and other officials. The Principal of the college, Mr. Dongre Sir, also guided the students, reminding them about the sixth sense.

Through this program, the students received guidance on how to behave in society. All the staff of the college and all the members of the Women Empowerment Committee were present for the program. Everyone cooperated to ensure the smooth running of the program.
